

A statement on behalf of President Randy Beutler and Provost Blake Sonobe:

As many of you may know, SWOSU will soon begin the process of selecting a new dean for our College of Pharmacy. We wish Dr. Doug Ried all the best in his new endeavors and know he will do well.

Now, we look to the days ahead and the opportunities which it will provide our institution. As we begin the selection process for a new dean, we believe that this is a new and promising time for the future of SWOSU's College of Pharmacy. Although there will be hard work ahead, the potential for our university is great. The College of Pharmacy is one of the premier programs in the region and we appreciate the achievements we have made and will have in the future.

In closing, we would like to state our appreciation for our faculty, staff, students and administration and their commitment to the College of Pharmacy and its future. For you, as an alumnus, we greatly appreciate your commitment and dedication to SWOSU and the Pharmacy program. We look forward to your continued support of our future!
