**H.F. Timmons Endowed Professorship in Pharmacy**

To honor Dr. H.F. Timmons for his long and productive career with SWOSU, the H.F. Timmons Endowed Professorship in Pharmacy Fund was established to be used to supplement research, scholarly activity and other efforts for the SWOSU College of Pharmacy.

A native of Mangum, Timmons joined the faculty at SWOSU in 1956 as an instructor in the Department of Biological Sciences. After serving two years as a National Science Foundation Fellow in the College of Medicine at the University of Oklahoma, he returned to SWOSU where he remained until his retirement in 1994.

In 1966, Timmons became a member of the faculty in the School of Pharmacy at SWOSU and served as head of the Department of Physiology. From 1972 until 1980, he also served as associate dean of the school. In 1980, SWOSU formed the School of Health Sciences, which consisted of the School of Pharmacy, the Division of Nursing, and the Division of Allied Health Sciences. Timmons was selected as the dean of the newly formed School of Health Sciences and remained in that position until his retirement.

During his almost four decades of service to SWOSU, Timmons served as acting dean of the School of Pharmacy, taught courses throughout the physiology area of the pharmacy curriculum, served on numerous SWOSU committees, as well as School of Pharmacy and School of Health Sciences committees, was president of the Faculty Association, faculty advisor to the SWOSU Student Senate and School of Pharmacy organizations, established a variety of new courses in the School of Pharmacy, new programs in the School of Health Sciences and was instrumental in securing a variety of health care related grants and contracts for SWOSU.

Dr. Timmons continues to serve the community and SWOSU. He remains a volunteer ombudsman for the Oklahoma State Department of Human Services. He has returned to the College of Pharmacy several times during his retirement to teach courses for faculty when needed. Dr. H.F. Timmons was named the 2009 Outstanding Alumnus of the SWOSU College of Pharmacy and was awarded honorary pharmacy alumni status. In addition, Timmons serves as an ex-officio trustee for the SWOSU Foundation. He has served on the Board of Directors of the Southwestern Pharmacy Alumni Foundation for more than 30 years, most recently as president, and has been instrumental in major fundraising efforts with the Pharmacy Foundation to support the SWOSU College of Pharmacy students.

This endowment honors the distinguished career of Dr. Timmons and his influence on many generations of pharmacy students and pharmacists. By helping to fund this endowment, you will have a vital role in linking the traditions with the future of the SWOSU College of Pharmacy.

**CONTINUING THE TRADITION OF EXCELLENCE**

"My first exposure to Dr. Timmons was the fall of 1966 when he became an excellent influence on me. I cannot thank Dr. Timmons enough for the instruction he gave me in the College of Pharmacy."  
Ron Wallis, Class of 1969

"Dr. Timmons was instrumental in my pharmacy career. I am honored to give to his endowment fund and a wonderful school."  
Gerald (Jerry) W. Carpenter, Class of 1981
Matching Endowment Program

In 1988, the Oklahoma Legislature established the Oklahoma State Regents Endowment Program. The program is funded by the state legislature and matches private gifts for endowed faculty positions. One of the most powerful tools for attracting and retaining excellence in educational leaders is an endowed professorship position. Endowed faculty positions enable a college to recruit and retain faculty whose experience and expertise make an exceptional contribution to its teaching, research and public service.

As a state institution, SWOSU participates in the Oklahoma State Regents for Higher Education matching endowment program. To create this professorship position, a permanently restricted endowment gift of $125,000 will be matched by OSRHE with an additional $125,000.
